Release of the Xenia Inspired Buccaneer American Lager

DWB released its first American Lager on July 17. The Brewers described the inspiration behind their latest creation:

"High-spirited. Hard-working. Home-grown. Buccaneers have a long history of overcoming adversity. Through will-power and a sense of community, they face everything head-on and come out stronger.

At Devil Wind Brewing, we see the work that Xenia Buccaneers do every day. To honor them and their triumphs, we brewed the Buccaneer American Lager. The American pale malt, rice, and lager yeast provide a crisp, clean, and refreshing finish. This lager is brewed hard for the hard working folk; cheers!"

What do you get when 30 Watermelons meet an immersion blender?

A deliciously refreshing Gose! The gose is an old-German style beer known as a sour, and incorporates coriander and salt. Ours is made with watermelon, and provides a crisp, light taste that is low on hoppy bitterness.

tory of overcom-
ing adversity."*

August 18, 4:00 —Join us for “Pawpaws For Four Paws”

Xenia, Ohio is known as the City of Hospitality; that’s why we at Devil Wind Brewing are giving back to a local family in need with Paw Paws for 4 Paws!

The West Family is a local family whose daughter, Genevieve, or Gigi for short, has been diagnosed with Autism Spectrum Disorder (ASD). Through therapy, Gigi works very hard towards being able to perform tasks that we take for granted such as speaking, interacting with strangers, and even learning new things. Although Gigi has made progress, The West Family believes that the next step towards helping her is through a service dog. We are working with 4 Paws for Ability to help raise money for a service dog specially trained in aiding a child with ASD! These dogs are trained for the specific needs of the individual with ASD, and no two dogs are trained the same way. For Genevieve, this includes stopping certain repetitive behaviors, comforting her when she needs it, and allowing her to learn language skills by commanding the dog.

These wonderful service dogs can cost between \$40,000 - \$60,000; however, 4 Paws for Ability understands that not every family can afford the total, and only ask a minimum of \$17,000 for the services they provided. While that is a great discount, it is still difficult for many families to afford this.

Please join us on August 18th as we help raise money for Genevieve and her family. We will be infusing our Whitney Wheat with the Pawpaw fruit, provided by Dr. Ron Powell and Terri Powell from the North American Pawpaw Growers Association. A portion of sales will go towards The West Family. There will be live music, food trucks, and more!

Be a trendsetter,... get to know the paw- paw fruit by visiting DWB!

The pawpaw fruit has been around for a long time, but is just now becoming popular. It is about a half pound on average with a tough greenish skin, a fleshy interior that is scooped out and seeded leaving a taste and texture that is a cross between a mango and a banana. It is being used by culinary and mixologists in everything from pies to liquors. So be one of the first to jump on this new trend and try our wheat beer infused with the pawpaw fruit on August 18!
